March 2026

Dear Andover Families,

We are delighted to see the 2026-2027 academic year take shape with such a talented and diverse group of new and returning students. I know all of us are excited to welcome these remarkable students to campus this fall. Representing most states and over 46 countries, they form the energy that runs our vibrant community. We hope your student embraces all Andover has to offer and comes to feel as passionate about their experience here as so many generations of alumni before them.

Please take time to review the *Blue Book and the Course of Study* which outline Andover's general guidelines and policies with respect to academics, behavior, and community expectations. It is updated annually and is integral to your child's successful enrollment at the Academy. The latest edition will be available this summer, but please review the current edition prior to signing this agreement. For more information, go to the parent portal in the Hive.

Thank you for your partnership and for the many ways you support our students and our community. We remain deeply grateful for the trust you place in us and look forward to all that our students will experience in the year ahead.

Andrew Gagnon
Director of Finance and Comptroller
