Distinguished Service Awards
LUNCHEON
ANDOVER’S DISTINGUISHED SERVICE AWARDS are presented annually by decision of the Board of Trustees’ Academy Resources Committee. The recipients’ services to Andover have been distinguished by commitment, uniqueness, and effectiveness, and their efforts in support of the school provide an inspiring example for all Andover volunteers.

Anstiss Bowser Agnew ’67
Anstiss Bowser Agnew has spent 50 years as an advocate for traumatized NYC children, families, and communities disproportionately impacted by racial and economic disparity. She credits her life’s work to Abbot Academy, where she learned that education is a precious gift that must be passed on.

In thanks to Andover, she answers “yes” to the school’s requests for help with class engagement and re-engagement. She played a critical role in planning her 30th, 40th, 50th, and 55th reunions. In 2022, Anstiss helped motivate her classmates to reach 58% class gift participation, the highest percentage of all reunion classes. A class secretary from 2012 to 2017, she has been a class agent for more than 15 years. Her strong leadership in both planning and fundraising makes her a well-regarded volunteer.

Anstiss was a member of the Andover Alumni Award of Distinction Committee from 2019 to 2023. She approached every conversation with an open mind, thoughtfully considering how the full slate of honorees would represent diverse role models who inspire students to become stewards of humanity and the earth. A passionate Abbot alumna, Anstiss is dedicated to the preservation of her alma mater’s strong legacy—one that she is thrilled to see thrive in campus venues and programs. As co-chair of the Abbot@Andover Committee, she strives to engage not just Abbot alumnae but also the full Andover alumni body to ensure that the Abbot legacy continues its powerful impact in perpetuity.

Harold Young Kim has been a longstanding volunteer for the Academy. His multidimensional partnership with PA has been especially impactful in helping to build a vibrant, engaged Andover community in Hong Kong.

For a number of years, Harold and his wife, Julia, have hosted an annual summer “send-off” for new students at their home in Hong Kong. This much-anticipated event brings together families of incoming students and those of returning students, building important relationships that help families transition to having their children living in the United States. Harold and Julia’s support for PA families in Hong Kong continues even after students are state-side. Prior to the advent of direct Boston flights, Harold was the “bus dad” who arranged a hired bus to drive Hong Kong students to and from JFK in New York for their Asian flights. During the pandemic, to help build a sense of community, Harold and Julia organized study groups for Hong Kong students who were at home and studying remotely.

A founding member of the Andover Asia Council, Harold has served as an advisor on the Academy’s presence in Asia since 2010. Harold and Julia have been members of the Parent Fund since 2015 and on the Parent Advancement Council since 2019. They are the parents of Max ’16, Freddie ’19, Harry ’21, Theo ’23, Ollie ’26, and Evie ’27.

Stephen E. Matloff ’91, P’24
Steve Matloff is a devoted and thoughtful volunteer with a love for all things Andover. A steadfast partner for regional programming since 1998, Steve served as chair of regional leadership teams in both New York and Southern California. He has led programs ranging from non sibi projects to joint-region vineyard tours—ward everything in between. On numerous occasions, Steve and his wife, Susan, have opened their Los Angeles home (warmly referred to as Wester Quad) to Andover alumni, students, families, faculty, and staff. He has served multiple terms on the Alumni Council since 2001, including two as vice president (2006–2009) and 2015–2016 and one as president (2018–2021)—during which he also served as an alumni trustee on the board’s Academy Resources, Equity & Inclusion, and Building committees. A class co-agent since 2015, Steve is also a current member of the Alumni Council, Andover Development Board, and Parent Fund Committee.

Steve’s dedication to Andover—in particular to the Alumni Council—is passionate, and he can be counted on to pitch in whenever the school needs him. This was true when Steve was asked to serve on the Andover Anti-Racism Task Force and played a vital role in reviewing the school’s complicated history and helping the Academy chart its path forward with accountability.

In thanks to Andover, he fully led the Agent Engagement subcommittee, opening a dialogue and providing critical feedback to the Academy on how we can improve what it means to be a class agent at Andover; many recent changes to the program have stemmed from conversations with that subcommittee. Her leadership within the AGB has been instrumental in engaging this important group of volunteers.

Toby’s outstanding leadership, contagious energy, and indomitable Big Blue spirit will leave an invaluable impact on Andover.

Harold’s dedication to Andover continues even after students are state-side. Prior to the advent of direct Boston flights, Harold was the “bus dad” who arranged a hired bus to drive Hong Kong students to and from JFK in New York for their Asian flights. During the pandemic, to help build a sense of community, Harold and Julia organized study groups for Hong Kong students who were at home and studying remotely.

Tobey H. Duble Moore ’06
Tobey Duble Moore began volunteering as a student alumni representative during her senior year—and her enthusiastic commitment to Andover has continued ever since. Serving first as a class co-agent, Tobey has been a head agent since 2016. In her 17 years as a class fundraiser, she has been pivotal in driving up participation. Tobey has also served as an alumni admission representative since 2013 and has been an active member of the Class of 2006’s 5th, 10th, and 15th reunion planning committees. She believes strongly in the importance of bringing her classmates together to reconnect and maintain friendships that will last a lifetime.

In 2019, Toby joined the Alumni Council as a member of the Annual Giving Board (AGB). During her time with the AGB, she was always an active and thoughtful voice for the group and joined every meeting with a smile. She successfully led the Agent Engagement subcommittee, opening a dialogue and providing critical feedback to the Academy on how we can improve what it means to be a class agent at Andover; many recent changes to the program have stemmed from conversations with that subcommittee. Her leadership within the AGB has been instrumental in engaging this important group of volunteers.

Tobey’s outstanding leadership, contagious energy, and indomitable Big Blue spirit will leave an invaluable impact on Andover.

Dr. Monica B. Palmer & Malcolm E. Palmer ’89, P’23
Monica and Malcolm Palmer have been devoted Parent Fund Committee volunteers for the past four years. The couple has served in a number of roles, first as class captains, then vice chairs, and for the past two years as co-chairs. Showing exemplary leadership, Monica and Malcolm are dedicated partners in the planning and coordination of the Parent Fund Kickoff that takes place during Family Weekend as well as in the planning and participation for the quarterly Parent Fund meetings that take place throughout the year.

Monica and Malcolm, the parents of Miles ’23, are always willing to “do even more” for Andover. They were international host parents and have hosted several events for Parent Development, including a new parent “meet & greet” during the opening of school as well as virtual receptions to welcome new families who are unable to join a regional gathering in person. In 2021, they helped launch the new event to offer a special welcome to Af-Lat-Am/Alianza Latina families during Family Weekend.

Malcolm, a member of the Class of 1989, has served on the (MS) Advisory Board since 2015 and as the outreach program’s board co-chair since 2020. He has also been a member of his class’s reunion planning committee.

Monica and Malcolm’s dedication to Andover and the parent community runs deep—as does the Academy’s gratitude for their many years of thoughtful partnership.
