At this time, Uber, Lyft, and other ride sharing services are not on the preferred list of transportation providers. Rates vary with each cab company. Please call them directly for current rates.

This is a list of companies that have historically been utilized by members of the PA community. While we do not specifically recommend companies included on this list, we can say that these companies have not been the subject of any major complaints. In addition, the companies marked with ** are licensed and have met the inspection and licensure requirements of the Town of Andover, MA. We encourage all members of the community to report problems they encounter with any transportation vendor to the Dean of Students’ Office (x4175), Campus Safety Office (x4444).

**Tips for Taxi Safety:**
- Never ride in a cab that does not have a working seat belt for each passenger.
- Always note the name of the cab company, a description of the car and the name of the driver, if possible.
- When calling for a cab, ask for a description of the car and name of the driver. When the cab arrives, do not reveal your name, but instead ask who they are there to pick-up. Be sure the cab that you get into is from the company that you called.
- Do not allow the driver to pick up additional passengers and do not share a cab with a stranger.
- Always ride in the back seat.
- Try to keep small bills available in case the driver says he has no change.
- Do not get into a cab if you feel at all uncomfortable about the driver – trust your instincts!
- Promptly report any problems or complaints to Academy authorities (numbers listed above).

**Airline Requirements for Unaccompanied Minors:**
When booking travel be mindful that many airlines require students 14 and younger to be accompanied by an adult all the way to the terminal gate and remain in the gate area until the plane’s “wheels are up”.

**Chaperone/Greeter Services**
Grace Limo offers a greeter service that families can request for an additional fee. To utilize this service, two distinct reservations are necessary. The first reservation is for the chauffeur service to transport your student to the airport, and the second reservation is for the greeter service. When requesting a greeter, families should specify whether they would need the greeter to accompany the student through the check-in process and stay with them at the gate until the plane departs. Grace Limo will coordinate with a reputable greeter company to facilitate these additional arrangements on your behalf.
