Welcome to Andover Summer! This booklet reflects the fundamental community standards and expectations for all students participating in summer programming offered by Phillips Academy and serves as a quick and helpful reference guide for campus resources and practices.

Each program’s Blue Book, found on PAnet, sets forth the Academy’s expectations, policies, and procedures in full detail.
Statement of Purpose

Phillips Academy’s Constitution charges the faculty to teach “youth from every quarter” to aspire equally to knowledge and goodness. This obligation challenges students to develop what is finest in themselves and others, for others and themselves. Phillips Academy is committed to nurturing an intentionally diverse, inclusive community that encourages students and adults to respect, inspire, and learn from one another. Guided by the ideal of non sibi, leading lives “not for self,” the Phillips Academy community promotes a balance of intellectual curiosity, engagement, leadership, and service in the pursuit of excellence: academic, civic, and moral.

Statement of Values

Non Sibi

We strive to embody the ideal of non sibi (not for self) with intentional teaching, learning, and engagement guided by a sense of responsibility toward the global community and natural world.

Youth from Every Quarter

We are committed to creating an equitable and inclusive school in which students from diverse backgrounds, cultures, and experiences—including race, ethnicity, nationality, gender, socioeconomic class, sexual orientation, gender identity, religion, and ability—learn and grow together.

Knowledge and Goodness

We challenge students in mind, body, and spirit such that they may pursue the knowledge, develop the skills, and sustain the integrity needed to lead a responsible, fulfilling life.
Essential Elements of Student Life

In addition to abiding by the community standards in The Blue Book, an essential part of student life is the ability of each student to meet the school’s stated responsibilities and expectations listed below:

- Live cooperatively and respectfully in a dormitory and school community, sharing the responsibilities inherent in living together without adversely affecting others.

- Behave responsibly, respectfully, and honestly to all as a member and representative of the Phillips Academy community, on or off campus.

- Function independently and safely with respect to basic living and self-care tasks (e.g., nutrition, sleep, and personal hygiene).

- Make use of academic, psychological, and health resources as deemed necessary by adults responsible for students.

Attend and participate in all required classes, education programs, events, or obligations, some of which may be unique to Andover Summer (e.g., orientation, All-School Meetings, High School Community Meetings, and required weekend events). The total of excused and unexcused absences from classes and all other required events should not exceed 20 percent of the total number of required meetings.

- Avoid all self-harming conduct.

For information on requesting reasonable accommodations to meet these standards, please refer to the Andover Summer admitted student website.
Ethical Values and Community Standards

Our community standards and conduct expectations serve to inspire positive and healthy participation in all areas of school life, cultivate a sense of belonging, and encourage every community member to uphold our school’s ethical values.

The Blue Book contains rules and guidelines designed to uphold these ethical values and community standards for students. Similarly, faculty, staff, and administrators are guided by these ethical values and expectations as set forth in the handbooks and policies that apply to the adult community.

Act with Honesty and Integrity

- Communicate honestly and respectfully.
- Expect and accept mistakes from yourself and others.
- Take responsibility for your decisions and actions.
- Live our community values even when no one is looking.

Respect Yourself

- Pay attention to your physical, mental, social, emotional, and spiritual needs.
- Maintain a healthy balance of commitments and self-care.
- Accept intellectual challenge as a catalyst for growth.
- Learn to recognize your emotions and seek support.

Respect Others

- Listen with your full attention, speak with care, honor boundaries.
- Recognize that different viewpoints and experiences can co-exist.
- Choose words and actions that honor individuals’ identities and uphold their dignity.
- Seek feedback to gauge how your intent and impact align.

Build a Healthy and Inclusive Community

- Cultivate relationships with a diverse group of people.
- Use devices and social media with care.
- Take responsibility for your belongings and the shared spaces you inhabit.
- Engage campus adults if you see conduct or hear language that is hurtful or offensive.
Responses to Student Conduct

Our responses to student conduct recognize that students are still learning to use their best judgment and will make mistakes. We believe that students can learn to make better decisions for themselves and for the community. We believe in following a fair and consistent response process.

When it comes to the attention of the deans that a student’s conduct may have violated a community standard, the student’s dean will speak with the student and gather information. Once the deans have an understanding of the situation, they will determine whether the conduct constitutes a Level 1, Level 2, or Level 3 violation.

LEVEL 1 Violations are considered minor violations and will be addressed by the student’s dean.

LEVEL 2 Violations are considered major violations and may result in a Community Standards Conference and the collaborative creation of a Growth and Accountability Plan.

LEVEL 3 Violations are considered our most serious violations and will result in a Community Standards Conference, the outcome of which might be the collaborative creation of a Growth and Accountability Plan, Suspension, or Dismissal.
